High School Equivalency Exams

A popular way to complete your high school educational requirements is through a test called the GED or HiSET. These tests are equivalent to a high school diploma. Students are encouraged to attend classes Monday through Thursday to prepare for the test.

These classes are FREE to registered students. A GED study book is required for the class and are available for purchase.

Child care is available *free of charge*.

Testing sessions are available monthly. Information about testing dates and costs are available upon request.

Graduates of the program will receive their High School Equivalency Certificate from the California Department of Education and are eligible to participate in a graduation ceremony in June at Fantasy Springs Casino.
